Compared with the first prices made in the stock market on Thursday, to-day's recessions were not great, but de-clines measured from prices recorded at the close of business last night were of course relatively large. There were few of the active stocks that did not fall, and as the selling continued with but feeble railies throughout the day, and the market closed pretty nearly at the lowest pitch, net losses of more than two points in the leaders of the market were gen-

Expect Gold Exports.

In the afternoon sterling exchange receded somewhat from its high price, but the unfavorable side of this development was that it represented according to some opinion a possible selling of exchange against gold exports by next week's fast steamers, for which arrangements were making. Rumors of such engagements were common enough to-day, but they could not be traced. A fair amount of money was, how-

ever, sent to Canada, and a further engagement of gold for export to Brazil in addition to that taken yesterday also

GRAIN AND PROVISIONS.

Quotations furnished by W. B. Hibbs & Co., mbers of the Chicago Board of Trade, Hibbs Building, 725 Fifteenth street northwest.

Chicago, Oct. 22—Wheat opened unchanged to a fraction higher. Offerings in December were light, and buyers engaged in a scramble to get wheat when the price had touched 1,06%, around which figure local bulls supplied the demand. The advance in the Northwestern market was even more marked, Minneapolis December selling within 1% of Chicago, against 2% difference last night. Cash premiums 3 to 3% cents over December, and good flour sales being made. In the St. Louis market businas was reported very dull, with wheat carried over from yesterfay, and a large mill there was said to be about shut down on account of lack of shipping instructions. Local car lots, 75, with 53 cars estimated by to-morrow.

Notwithstanding the upturn in wheat, corn prices Notwithstanding the upturn in wheat, corn prices had a hard time to record and hold much advance wetter predictions were for rain, which stimulated some denning for December Local bulls were the best buyers, and the fact that prices did not advance would rather indicate a lack of short interest, at least of a nature that would be frightened by a little wet weather. Cash prices unchanged, with demand poor. Local receipts, 161 cars, with 153 estimated for to-morrow.

1876
Oats steadied and were fractionally higher for winter grain. Local elevator interests were moderate buyers of December, with scattering selling. Cash demand was good, and prices steady to Mc higher. Total car lots, 197, with 133 cars estimated for to-morrow.
